Tank Capacities	4 Litres (each tank)
Cleaning Width	400 mm
Noise Level	60 dB (ECO MODE)

KEY FEATURES

Ergonomic Innovation

360° steering, comfort handle, and support angles for effortless cleaning

Smart Intuition

Simple 3-step start, voice & screen alerts, and app connectivity for remote tracking

Power Meets Grace

350 RPM brush, 8000Pa suction, and quieter performance

Human-Centric Details

HEPA filtration, quick-release tanks, and dual water inlets

5 MODES FOR MULTIPLE ENVIRONMENTS

ECO MODE Eco Mode is for low dirt level and helps save water, electricity and battery life.

AUTO MODE Auto Mode adjusts the cleaning pressure according to the dirt level detected.

TURBO MODE Turbo Mode is the strongest cleaning mode for high levels of dirt.

STERILIZATION MODE Comprehensive disinfection with electrolyzed water that kills 99.99% of germs.

BRUSH-ONLY MODE Brush and then vacuum to remove stubborn stains like grease with less effort and more efficiency for periodic cleaning of heavily soiled floor.

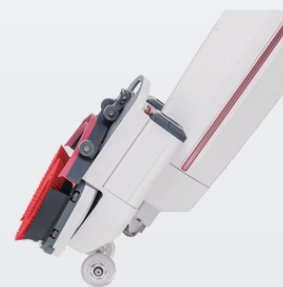

2 AUXILIARY SUPPORT ANGLES

For users of different height. To clean large spaces with less effort.

LOW SPACE CLEANING WITH EASE

More flexibility in operation to reach more low-to-ground areas - under tablets etc.

EASY MOVEMENT

Bottom rollers help users drag the GMop from one room to the next.

SMARTER CLEANING

CLOUD PLATFORM APP

Cleaning data and device status in the palm of your hand.

HIGH-DEFINITION LCD SCREEN + SMART VOICE SPEAKER

Easy operation with the click of a button.

SOLUTION TANK

The tank has **two inlets** to fit all faucets allowing you to fill water vertically or horizontally.

HEPA FILTRATION AND OPEN RECOVERY TANK

Easy to clean and minimises musty odour and bacteria in the recovery tank
