Cleaning Width	Scrubbing (330mm); Vacuuming/Sweeping (410mm)
Gradeability	8°

KEY FEATURES

All-in-one Floor Cleaning

4-in-1 solutions, the Phantas integrates vacuuming, scrubbing, sweeping, and dust mopping.

Zero Distance from Edge

The Phantas has the ability to clean along wall edges (0cm close).

Floor Type Recognition

Identifies flooring types and automatically adjusts brush height to protect flooring materials.

Strong Passability

Effortlessly passes through and cleans narrow aisles and under-table areas. The easy access to tight areas guarantees maximum cleaning coverage.

Obstacle Avoidance

High-precision sensors and cameras ensure a safe work environment

Smart Integrated Handle

Automatic mode shift (Auto/Manual), via handle position detection, and effortless control with power assistance and superb durability.
